Relief Sought

Through their rights as Citizens of the United States of America, Plaintiffs are requesting under U.S. Code 1361 action to compel an officer of the United States to perform (his) duty, for the Western Missouri Court to:

1. Compel FBI to investigate and resolve crimes allege within this brief against the plaintiffs.

Plaintiffs are requesting FBI specifically because of their expertise, oversight and the nature of the advanced cyber hacking rendered, also, because of the significant scope and complexity of the offenses committed. Per FBI Website , <https://www.fbi.gov/investigate/cyber>:

“The FBI is the lead Federal Agency for investigating cyber-attacks by criminals, overseas adversaries, and terrorist. The threat is serious-and growing. Cyber intrusions are becoming more commonplace, more dangerous, and more sophisticated. Our nation’s critical infrastructure, including both private and public sector networks, are targeted by adversaries.

Plaintiffs allege that they have been part of a malicious conspiracy for the past 4.5 years. A conspiracy designed to subdue any and all activities to minimum progress. Plaintiffs believe the following crimes against their U.S. Civil rights and Civil Liberties:

42 U.S. Code 1985- Conspiracy to interfere with civil rights

42 U.S Code 1983-Civil action for deprivation of rights

42 US Code 1801-Video Voyeurism

42 US Code 1986 –Action for neglect to prevent

18 US Code 873- Blackmail

18 US Code 241- Conspiracy against rights

18 US Code 242 Deprivation of rights under Color of Law

Factual Background and General Allegations

The facts detailed in this brief detail the abhorrent, evil and criminal acts enacted on Plaintiffs, committed by whom the plaintiffs allege is a state actor as well as other auxiliary actors.

Mr. Wyatt is a Chemical Engineering graduate from the University of Missouri-Columbia with a MBA from Columbia Southern University. He is a licensed certified Project Management Professional Licensed through Project Management Institute. Mr. Wyatt started ADROIT

Project Management Professionals in 2012 after 20 years as a process, quality, and project engineer. (Exhibits A & B). With intermittent issues with his health after being awarded Full Disability, Mr. Wyatt began to work full time on developing his company and assigning employees to work. Mr. Wyatt has also made tremendous progress in using natural methods to manage his disability. Since the progress, Mr. Wyatt has sought to increase his time with his children as well. Mr. Wyatt currently has litigation in the 16th Circuit court to achieve a 50/50 Parenting plan.

For the past 4.5 years the Plaintiffs have been subjugated to nefarious, abhorrent and criminal activities. Very covertly, these acts have subjected the Plaintiffs in this matter to undue duress and harms in every area of life. Plaintiffs are alleging that these harms have been launched by an apparent official group, Team A, as well an unofficial vigilante group, Team B, through a conspiracy aided by the use of cyber hacking. Every activity and movement of the plaintiffs has been affected. Under the guise of some form of pseudo legal investigation, the perpetrators have wreaked havoc on the Plaintiffs. Plaintiffs believe that unless it is stopped it will just continue to spiral out of control. It is plaintiffs belief that Team A is sponsored by the state of Missouri. Interrogatories through Mr. Wyatt's modification trial (Exhibit SS) as well as a FOIA to KCPD and Police Commissioning board denies KCPD as the suspect.

Report 1A: "Alleged Entities involved with conspiracy to violate Plaintiffs civil rights"

Is attached. The report list perpetrators, largely compromised, by either Team A or Team B, thought to have been recruited to participate in investigation. Slander, sabotage, and denial of the civil rights of Plaintiffs is accomplished everywhere the investigation goes.

Plaintiffs have notified every level of justice system. Local, State and Federal authorities have been made aware of the atrocities committed with no resolve.(Notifications 1-4). Therefore Plaintiffs are seeking relief through United States Western District Courts to investigate the "investigators" through the activities of the Federal Bureau of Investigation.

Plaintiffs have ascertained that the criminal investigation is intent on finding that the Plaintiffs are:

1. Selling drugs for money
2. Using drugs
3. Soliciting prostitutes for sex
4. Pimping women and children for money
5. Trafficking women and children for money
6. Committing fraud with social security
7. Mentally Ill

Any of the activities in 1-6, if true, would create prison time for Mr. Wyatt and severely detriment any future for ADROIT PMPS. If any items noted in 1-7 were true, it would disqualify Mr. Wyatt from being awarded 50/50 custody of his children. Unfortunately, the investigation seems to have assumed that the Plaintiffs are guilty without a trial. Over the last 4.5 years they

have sought to nefariously prove their allegations in all 7 areas. Mr. Wyatt took it upon himself to complete a psychic evaluation through Truman Medical Center for his custody case. The Eval is included here also (Exhibit Z). The Plaintiffs believe that 2 federal agencies have been contracted to participate in this investigation, Social Security and United States Postal Service (Exhibit O).

Plaintiffs believe that media along with narratives from the investigation have been turned into Social Security to claim Mr. Wyatt is committing Social Security Fraud. Mr. Wyatt has witnessed a waiter at a restaurant mentioning to a patron that Mr. Wyatt was stealing social security. In that moment, the unknown patron took out her camera and took a picture of Mr. Wyatt. This has occurred on several occasions and is further detailed in the report section of this complaint. Therefore, Mr. Wyatt is authorizing his right to allow FBI access to his Social Security records to support the counter investigation. In many of these situations, friends/enemies of Mr. Wyatt were used to aid in the activity. These acts would qualify as "slander" or defamation as Mr. Wyatt was committing nothing of the sort. The report in no way determines guilt or innocence of the individuals named. The names are listed to give FBI an idea of those that the Plaintiff is aware are familiar with the activities listed under "description of Harms". Infact, Plaintiffs believe many of these names will be included in Team A's investigation results.

Plaintiffs claim violation of their civil rights, severe defamation and concurrent sabotage from auxiliary actors as well over the past 4.5 years. Team A, the state Actor, has co-conspired with Team B as part of the conspiracy, committing atrocious acts against the plaintiff's. Plaintiffs don't believe Team A would completely release all details once investigation

concludes. In fact, Plaintiffs believe there is a cover-up as 5 of their phones have been destroyed by a hacker(exhibit M) tied to investigation along with the associated evidence.

Report 1A, in this complaint, should be cross-checked with investigation results of Team A as well as Social Security fraud submittals for Mr. Wyatt. While the Plaintiffs in no way expect to tell FBI how to conduct their investigation they feel all the individual listed in "Entities involved with conspiracy to violate Plaintiffs civil rights" testimony should be taken for each incident, separately. Plaintiffs want to emphasize that these testimonies should be cross-referenced with the testimony of Mr. Wyatt and all the evidence provided for collaboration. Plaintiffs also feel the hacking of their systems and surveillance has already alarmed Team A and Team B of new District submittal.
